

alps::Externalizable

```
classDiagram
    class alps_AddressSpaceOptions["alps::AddressSpaceOptions"]
    class alps_Externalizable["alps::Externalizable"]
    alps_AddressSpaceOptions --|> alps_Externalizable
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'alps::AddressSpaceOptions'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'alps::Externalizable'. This indicates that 'alps::AddressSpaceOptions' inherits from 'alps::Externalizable'.
